Subject: Clarification on news appeared in the media
To The President The Stock Exchange of Thailand

Regarding the news issued in "Krungtheptharakij newspaper" on Jan 17, 2017 Headline "Fearing of Stock Market Panic from B/E default of small company" the reported mentioned that "CHOW default on B/E" out of 5 companies was not true.

The company would like to clarify that The company has strong financial structure and has source of investment funds from the financial institution to support B/E reimburse and surely will get the money when the period of payment terms are coming and we never have default on B/E in our payments history.

Please be informed accordingly

Sincerely yours,

(Mr.Anavin Jiratomsiri)
Chairman of Executive Committee
